UDSON Super-Six

## Glorious performance

\$1600 AND UP

Here is brilliancy of performance that gives new luster and meaning to the word.

To take a single ride in the New Hudson Super-Six is to revise your whole knowledge of auto-mobile values.

It is the master car at every issue. And in every performance asked of a motor it possesses ability beyond anything heretofore Known. In all the years your Hudson serves, you will hardly require it foll(apacity. You can scarcely encounter a situation to tax its limit of power.

This performance mastery gives innumerable advantages. For instance you travel faster within the speed limits. That is because you are away quicker. You pick up faster. You level hills with ease: You have smoothness that makes the long journey comfortable and free of fatigue.

And these qualities have won Hudson the greatest reception, sales and public acknowledgment in its history.

Autried at age of twelve, in 1999, Pelleville Comptery.

THIS IS THE TIME to have your summer wardrobe cleaned. Sports and warm weather garments should be dry cleaned and carefully garments should be dry cleaned and carefully packed away to avoid destruction by moths. Failing to do this may make you a victim of the annual toll that moths take, running into the tens of millions of dollars.

But don't send them to just ANY cleaner!

Modern Service has been proven superior; proven a high-class service on which you can absolutely depend.

Superior, up-to-date equipment and skilled workers make this "Better Service" possible. Modern will clean those summer garments as you expect them cleaned—perfectly.

"A many have ween by the title of
"A many have veen by the title of
"REFLECTIONS
"The many the many t horftles, and ran as a candidate pledged to clean them all out. And he didd. He dismissed the police force, and replaced it by men of his own choosing, and he made radicial changes in the civic administration. Not he had failen fout of the new administration which he himself creconserved with the observance of the wife splass, he has been sentenced or 200 days in the sloues of Correction, had to pay fines totalling \$1,400. This must have been a rude awak-ming for Mayor Cillia. He apparently thought this because he had been by thought that because he had been necessary mayor, he could do as he liked, that he was above the laws. He found out that "Boup" Gillis, the guessions station operator, ranne breas the laws just because he also happens to be Mayor Gillis. He went into ci-fles with the idea that he could create the contract of the country of the laws of the country of the country of the laws of the country of the country of the laws of laws o his own taws, appoint his own officers for their enforcement, and generally do as he liked in his own town. There is no man, however, no matter what thic office he may hold, who is above the law, and Mayor Oillia if he serve his amiences and pays his fines, will have had an expensive lesson in the value of democracy. Even the mayor of a city can be an autocrat if he can so so without being checked, but it ak laws openly and escape the break lave on

THE NEBITAL CALLAD MALE

# edicated to the Open Mind

HERE is a building in which "mass pro-duction" is unknown, in which the roat of massive michinery is unbeard, from which "assembly lines" with their rows of watchful "assembly lines" with their rows of watchful cristmen are odiocably beare. We this building has contributed. .. is still contribute ing. .. immeasurably, to the degree of monor-ing. in michine with the lines of the crisi-marks the products of General Moiors.

THE LAILY-INTELLIGENCER

MY, SEE

Here, in the General Motors Research Labor ttere, in the General Motors Research Laboratory, the greaters staff of automotive engineers in the world is engaged in the myriad activities which enter into the building of a General Motors car. On one hand we see a new system of carburetion being studied. On another, a type of cylinder-head takes form. Here, a new engineering principle is discovered. There, an existing practice receives revision.

And nowhere, in all this wast laboratory building, is there ever the expression of complete gaisfaction. No discovery, however vital, is considered final. No achievement, however great, is relinquished as complete. Every fact and every theory is always subject to reft is a building dedicated to "The Open Mind."

Small wonder, then, that from this great re-search laboratory should come discoveries of inestimable value to the purchaser of every

General Motors car::: discoveries ruthlessly tested on the uncompromising acres of the General Motors International Proving

it is thus that General Motors accepts the responsibility which leadership imposes—to study always new ways and means of giving greater value in better cars to the public, which confers that leadership upon it.

public, which courses a service is fitting that the world's leading automobile organization should seek, through the mobile organization should seek, through the world's greatest automotive research labor-atories, to make the greatest possible contri-butions to the satisfaction of the automobile

### New CHRYSLER 65 and 75 ... a glorious escape from Obsolete Fashions

After nearly four years of imitation and emula-tion: Chrysler now brings to the price groups of the new "65" and "75" a lavishness of beauty which was never there before.

The style of yesterday, still living in many new or is rendered obsolete because it is succeeded tod by Chrysler cars so completely new in design it they establish new measures of beauty and say

Surely the mere evidence of the eye—because per-fermance is assuredly the very name of Chrysler— proves at once that both the new '55" and the "'5" have been lifted up to an intrinsic value which hundreds of dollars—yes, even a thousand—more than their selling price could not have secured before

### Nothing unusual about this of course!

"Oh, hello Jack! When did you come to town?"

Burns had answered his telephone and had recognized the cheery voice of an old friend.

But Jack had not come to town—he was speaking from his house in the village three hundred miles away. He had asked "Long Distance" for the telephone of his friend in the city, giving her the number, and she had connected him at once while he remained at the telephone.

Nothing extraordinary about this, of course. Speedy long distance service is now all but universal. In the great majority of cases, connection is made solile you remain at the telephone.

To assure prompt service, it is always helpful to give the distant number to the operator in placing your call.

We shall gladly look up for you the telephone numbers of distant people you frequently call.

TO-DAY'S THOUGHT

HELPING YOUR PAPER TO

A daily newspaper is apily described as the mirror of the community in which it is published. A ity in which it is punctured in bright interesting newspaper general-y indicates a prosperous and pro-gressive city. It is a public insti-tution, and its columns are open to all subscribers for free and full discusion of events of importance, and for the publication of news items. People contribute items do a favour to ent and at the same time neh making the paper more is

ne pepole hesitate to tell when some pepose nestuae to still wheel | Williams Coltry, a highly respected they have whiters, thinking sold presented of the Hills concession. Him literal to the present of the way recent they are very interesting to provide by the providing passed away recent they are very interesting to provide by the Yand, year, He is serviced by the pict with the paper at highly to will be widewed one som. Assem a contract of the providing the pro who is in the city, and what people are doing. There are many people who come to Belleville to visit and many of their friends who would like to at them, never hear of it until they are tnem, never hear of it until they are gone. A little item in the persons columns might bring about many har py and pleasant reumons—and life, it so short that people should be pro-vided with all the enjoyment possible

the fact to The Intelligencer; help the

WHEN IS SHOOTING BY
POLICE JUSTIFIED
The killing of a Toronto citizen by
constable who was pursuing him in a constable who was pursuing him in an autonosible has around feen in-terest all over Outario, and coin-ions are bring freely supersed as to the store sold on the market new their spind or polements ones their days are called "securities."—Toron-tory are called "securities."—Toroncas are totals—
the rights of polimenes to the convenience to hall the flight of these polimenes to hall the flight of the polimenes have every right of the polimenes of the things are all to be evidence of the polimenes of the handitry; merely of speaking to a wo trying to get away from the police, but it is questionable whether the cir

but it is questionable whether the cir-cumstances, were such as to warrant the use of a revolver by the constable. The question of when and where constables should use firearms in their fforts to apprehend criminals is a highly debatable one. It is a safe prin-ciple, however, that the private citi ren has rights in this matter as wel as the point officer. The use of a reer by a policeman should only be as a last resort, and even then, then next be the best of judgment before the bullet is sent on its deadly mis-

COURAGE OF WOMEN WALKING OR DRIVING Railroad statistics go to show the tailroad statistics go to show that set 25 per cent of the train-a-vo-bile accidents at grade crossing are caused by automobiles trains to butt their way through the sides of the trains. This tendency of motorists to try to knock trains off the track has bothered the railroad executives considerably, for they do not know how to discourage the practice. The problem, however, which confronts the railroad folks is nothing like as difficult for solution as that which so confront the automobilists, is m generally shall attempt to fol low the example of a Chicago woman who, in an effort to secure a right of

ng car what she tho

where she had a right to be. Few mer would care to take issue with an su-temobile. A woman did it, and women ever were braver than men. This Chi-cago woman is a pioneer moving on ward and upward along a path who many of us would like to follow !

### CIGARETTES THE MOST POPULAR

World Forsake Whole Pipe In Preference For Cigarettes

London—(By The Canadian Press)
—The whole world seems to be taking to clarartte smoking in preference to plug smoking. This is the conclusion arrived at by the Imperial Economic Committee in its report upon the tobacco industry.

The consumers

the British market, and given side of the manufacturers and public, cordial support for

#### **SPORTOGRAMS**

And for those who feel they can-not make the jump to Cahawa there will be a doule header gittle game on on the Armonories lawn in the after i noon, when the Dunocas Seniors, of the Danforth League, meet the Belle ville Beaver.

The Discuss won 14 straight games early in the season, but full into a simp and were defeated into a simp and were defeated into a simp and were defeated in the season of the season of

e in the schoolboy meet held it unto, two weeks ago, a goo wing was made by all who enter and with the better training littles which they will enjoy from or, they should bring no neur to the name of Belleville.

since that the little rugby played here, except hw the Collegiate.

Glaring Headlights Night Time Terror of the Roads

Learn How To Test Headlights

Glaring headlights make a motor vehicle a danger to its own driver and a terror to the drivers it meets. When headlights glere, other drivers are prevented from seeing the offending vehicle or other cars. Headlights glare because one or both of them are out of focus. Any good garage mechanic can adjust them. A driver can do it himself if he will follow simple instructions.

Test headilghts often to be assured they are BOTH in focus. Carry sparse bilbs to haryou can replace immediately those that break. It is against the law to drive with only one light in front or no light in rear. Traffic offerers and municipal police are summoning those who disobey. Night driving must be made safe.

Keep brakes and steering gear in perfect condition. Have your garage man test them often. Your car must always obey instantly. You are responsible if it does not.

Advice to Giris By Annie Laurie

DEAR ANNIE LAURIE: DEAR ANNIE LAURIE:

Several years ago I met a young
man from many miles away, buis
didn't have a date with him. A
few days ago be came to this city
for several days' visit, for the first
time since I met him. I was told
that he inquitted for me as soon
as he reached this city. He called
guite a visit, before he wing; he
asked me for a date for the next
evening.

Headlights

instructions.

If you will follow these in-structions carefully you can quickly get your headlights in focus.

Headlights glare because one or both of them are out of focus. Any good garage mechanic can adjust them. A driver can do it himself if he will follow simple instructions.

are with 100000 earlips instructions.

Test headlights often to be assured they are BQTH in focus. Carry spare builts so that you can replace immediately those that break. It is against the lay to drive with only one light in front or no light in rear. Traffic officers and numicipal police are summering those who disobey. Night driving must be made safe.

Keep brakes and steering gear in perfect condition. Have your garage man test them often. Your car must always obey instantly. You are responsible if it does not.

# PRESENTING

# The NEW CA The NEW LA

and NEW FLEETWOOD BODY CREATIONS

TODAY Cadillac inscribes a new chapter in its record of attainments . . , in the pre-sentation of the most extensive line of fine cars eyer offered . . .

SATURDAY, SEPTEMBER, 8, 1928

the New Cadillac, the New La Salle and the New, exclusive Fleetwood creations on these chassis.

on these chassis.

These new cars are placed before the most caracting public in the world, with the essurance that they represent a brilliance of performance, a character and a completeness such as no manufacturer has ever yet presented. as no maguiacturer has ever yet presented.

Never before has motoring been such pure,
unalloyed enjoyment as these new creations
now make it. Never, in any car at any price,

New part or abroad, have such scintillating performance, simplicity of control and complete security been combined.

In the exquisite lines and colorings of the New Cadillac and New La Salle, you sense some-thing of the distinction which marks these

... but to appreciate fully how great, the advance they represent, you must drive them, and 'test in action their flawless performance, their exertionless case of control, their lavish array of all that spells luxury in motoring. The New models are now ready for inspection at Cadillac-La Salle showrooms. A demonstration will gladly be arranged. See and drive the New Cadillac or La Salle today.

# KIWANIS KAHNIVAL

**PRESENTS** 

The Mode For

Herald of Autumn and its new Modes, comes the 4th Annual Kiwanis Karnival on Monday next. Again we shall have those five days of Education. Exterialment and Fun, with their resulting hand-some revenue to be meted out eventually, through Belleville Kiwanis to the needy of the city, and to finance the many service efforts of Kiwanis.

Accepted now as the Fashion Display of the year, the Annua's Khansak Syle Show every evening during the Karnival, will introduce to you the mode in apparel for the coming Autumn and Winter—and the various exhibits will introduce, too, the new Mode in radio, in automolile, in formiture, and many other lines.

ATTEND THE KARNIVAL, and thereby help Niwanis expand its

A tablespoonful of sugar added to the water used for basting a joint will improve the flavor as well as add to the rich brown colour of the gravy.

The country of the control of the country of the co

## JUST IN PASSING

Anne Hastings

# IMPROVED in Performance and Appearance

OUTSHINING even its famous predecessors in smooth, effortless performance . . more smartly styled than ever before-

-today's Pontiac Six is the most impressive example of value-giving in the whole history of the low-priced six!

Substantial gains in motoring pleasure and economy result from important mechanical advancements, such as a new Marvel carburetor, new manifolding, etc. More intriguing beauty and the much desired air of rugged compactness have been achieved by the use of smaller, smarter wheels and larger tires.

And, beneath all its brilliance of beauty and performance, Pontiac Six is a supremely dependable car . . a car that sails through a wearing, tearing, day-long drive and finishes with the same spirited freshness with which it started the trip.

Every day people are coming in to drive this greatest of all Pontiacs-to express admiration for its new and alluring beauty - to marvel at its increased ability and acceleration. And when you come in you, too, will instantly realize that General Motors has again produced a finer automobile—has established a still higher standard of what you have a right to expect in a six so low in price.

Ask your dealer about the G.M.A.C. Deferred Payment Plan which makes buying easy.

## THE FOOTWEAR MODE FOR FALL

Beauty and Grace Personified Here In Shoes

ERE are shoes with real lines of grace shoes that follow the lovely lines and the foot and glorify them!. They are built with long, flattering heels and well fitting lasts? Ideal for any type of foot. A wide range of leathers and

of the

#### Department of Highways

To supplement the work of Highway Truffic Officers and muni-cipal police throughout the Province in maintaining law and order on the streets and highways, the Department of Highways has insugurated a Bureau of Complaints which is prepared to receive and deal with genuine report from responsible partles of actual occurrences in which truffic regulations have been divised; garded or other ovidence given of cartesion or neckness devised;

Cards on which these reports shall be made are available at all Police Stations and at the offices of agents of the Motor Vehicles Branch. Offences on any street or highway in the Province will come within the scope of the Bureau of Complaints.

The co-operation of all well-intentioned drivers of vehicles will be welcomed by the Department and appreciated by the public. Report cards will be furnished by the officials shove named to those applying for them. These report cards six-blad be filled out high as indicated on the face, and mailed to, the Department.

All reports received will be dealt with confidentially by the

The interest of the wast majority of moturists is wholly in accord with the efforts of the Department to preserve the streets and highways as for all users. The mall proportion whost lill persists in disobedience of the law, cardessness in the operation of their persistences of the effect of the properties of the effect of

Lovely

Brown Stockings. Favored by Smart Women

He very that tones in with her chocolate-brown choes and he sherry-brown drea, is the aim of the chie woman for this Aurity of 1928. Hotery that evepen the sunburn hadres of 1928. Hotery that evepen the sunburn hadres of the dream of the with an aim of the super call. So with a national tauge call. So with a national tauge call. So they range of bever, shades. In chiffon and 1,50 to 1,95 arrive reviews. Since 812 to 18-Pair .... 1,50 to 1,95

Fail Footwear in Brown Mode RIVEW, no unorigin for early Autumn, papears in shades to company the varied exclume demands—in such, in Midsith, in pulle layahers. Simplicity and grace of line characteristif he news is models, combined with the utmost confect in fit and exceeding one of workmandlab. For example: known kid with commitment of workmandlab. For example: known kid with commitment parts of the part of the parts of the parts

Browns for 1928 - 1929

Hats of Brown

By the irregular helms of low-errormed hats they lend a charming gracious process to small features. Small shapes appear in new graces and an appear of the state of more than usual interest. Brunilers, either actual or interest, suggested, espore the forehead and seep lists creamed that seen go swallar bending numers of line and shade. Felta and veleval shaded, are particularly important.

noifraisa beli seein spring and autumn of the seen on the wane. Now hardly and all sellings at left of it. Yet-there are all sellings at left of it. Yet-there are all sellings at left of it. Yet-there are all sellings at left of it. Yet there are all sellings at left of it. Yet there are all sellings at left of it. Yet the sellings at left of it. Y

Take for instance Septemer—the transition month between summer and rate. Just about this the in-tuninal aspects of September began to smelt themselves. And September, in

ty as one could wish.

One of September's strong points is
mille. Dawn, in September, does not
rrive at an unconsciously early hour,
i walts until the householder is stirring. Then it unfolds the most with the faming pennons of spring, but de-liberately and with restraint as if it sought to make its appeal to thoughtsought to make its appeal to thought-ful maturity. It does not try to take out by storm. It persuades rather than compels attention. It simply is there, persecting the east with colourful

To be sure, a September dawn lacks se wild promise of spring, but what that? The promises of spring, for say of us, are made only to be roken. April is prone not to fulful field and has forefold. Few and far

#### NEW DUPLEX MECHANICAL FOUR WHEEL BRAKES

THE most scientific, costly and efficient system of braking ever devised is one of the many engineering advances which make the New Cadillac and New La Salle the supreme fine car values of the year.

Powerful and certain in their action as a steel visc. . . yet soft and smooth as the touch of velvet . . . these new brakes respond instantly, to the slightest pedal pressure, with an ease and absence of exertion never known before.

To see these New Cadillacs and New La Salles is to thrill again to their beauty

To drive them is to explore a new, almost incredible field of motoring delight.

A new experience awaits you at the Cadillac-La Salle showroom.

# At the wheel you will learn something new and better in fine car performance

In Buying a Hudson You Save up to Several Hundred Dol-lars a Carl

\$1600

Scores of motorists fresh from examining and riding in the latest and best cars of the day declare Hudson the supreme performer of their experience.

You will find this Hudson smooth, fast, reliable, bril-liant. Its fuel economy is unequalled in cars of its weight and power. Fifteen to eighteen miles per gallon is the average of many thousand tests.

From standing start Hudson takes the full charge of power, mounting smoothly to high speed with a greater rapidity than you have looked for in any car.

It sustains even maximum road speeds with effortless ease; it takes hills as if they were not there.

# But for the story of what Hudson will do that you would not ask other cars to do-will you please take the wheel for any test you desire? B. BOYO

SINICAL SADIE

## CHRYSLER

## Compare them only with cars costing far, far more

There have been cars without number which endeavored to look like cars of greater value. None that we know of save these new Chryslers—"75" and "65"—have acrually raised themselves into a higher class without alternation of price.

What has happened in the case of the new "75" and "65" is something much more important than a fortunate choice of design and decoration.

The richer appearance, the greater size, the fine upholstery, the specially-designed hardware, the greater performance ability are all real increases in value without in-

reew chryster "75" Prices—Royal Sadan, \$1987; 2 passenger Conpe (with rumble sant), \$1985; Roadster (with rumble sant), \$200 Town Sadan, \$2140. Wire soboels axtra: 6-pty fall-balloon tires.

an economic base peculiar and possible only to Chrysler — the principle of Standardized Quality through which the benefits in scientific engineering and precision manufacturing of its costilest cars are given to its east

Through this policy you are able to get in the new "75" and "65" more beauty and higher quality than in cars costing many, hundreds—yes, even a thousand—dollars more. Chrysler saver in its basic manu-facturing policy-and spends lavishly in the engineering and the styling of its cars.

# The Gigantic Salada Success Started With a Revolutionary Idea

WHEN P. C. Larkin, 56 years ago, conceived the idea of packing a high-grade tea in metal packages, little did he dream of the great business that was to be built on that MAIN idea.

Revolutionized the Tea Business of this Continent

Business of this Continent
The story of SALADA is
one of the romances of the
business world. It is one of
the outstanding advertising examples of the power of a MAIN
IDEA, for P. C. Larkin with
his metal package idea revolutionized the tea business of
Canada and the United States.

China and Japan Teas Controlled the Market

Controlled the Market
Ferty years ago the Cansidian
market was controlled by China
and Japan teas, the largest asia
market was controlled by China
and Japan teas, the largest asia
per controlled by China

pe

Cevlon Teas Little Known

Ceylon Teas Little Known
Mr. Larkin tried to interest
teas. Realing sure that Canada
would follow England's example
if given the opportunity,
the common sure of the common sure
that the common sure of the common sure
The public had no real chance
to learn shout these fiere Ceylon
teas and there seemed no sure
that the common sure
that the comm

Mr. Larkin Finds His Idea

Mr. Larkin Finds ris idea
The idea of putting finegrade Ceylon, teas in metal
packages for resale to the consumer or ceutred to Mr. Larkin.
The most thought about in.
The most enthuisastic he grew.
Her was a way to put Ceylon
team of the market to that consumers would be certain of
getting the grautine article. The

metal package would also protect the tas from dust, moisture and grocery store odors, for tax resulfly absorber odors for tax resulfly absorber odors of the spices or anything near by.

P. C. Larkin's package idea may not seem such a lig one now but there was havely and time. Mr. Larkin's idea was a revolutionary one—a fore-runner of the prest demand of the package produced and other package produced and other package.

The New Tea was Called Golden Tea Pot Blend Golden Tea Pot Blend
P. C. Larkin had so much
confidence in his package tea
idea that he started a new
enterprise in 1802 and called it
he Salada Tea Company. The
meaning of its Oriental origin
and its distinctiveness. It was
originally the name of a for
Eastern tea garden. The tea
in the packages, strange to say,
was called Golden Tea Pot Dilego.

was called Golden Tea Pot Blend.

Many Grocers
Didn't Co-operate
De Co-opera

Mr. Larkin Decides

Mr. Larkin Decides
to Advertise
Mr. Larkin decided there
was only one thing to do. That
was to tell the public himself
about these finer-list netter
quality tess inches the Collen Te
Pot Blend package, on he
came a pioneer assynaper advertiser of a grocery article sold
in a scaled package.

in a sealed package.

Package Idea
Meets Obstacles

Even a well-advertised article
takes time to win a market, and
the very newmost of the package
Feople were accustomed to buying tea and ainst every other
grocery article in built. The
over night. The business gree
dowly affirst, but Mr. Larkin had
faith ming the burden of Musager, Saleaman, Bookkeeper and
everything dex.

Strange to relate SALADA was first called Golden Tea Pot Blend. The name of the company was the Salada Tea Company. When people commenced to ask for the tea by the name SALADA, Mr. Larkin promptly changed the name of his brand to SALADA as shown below:

One of the earliest advertisements of Salada showing how the MAIN idea was advertised by this pioneer advertiser of packaged goods.

Just 15,000 packages were sold in 1892. A pitifully small amount compared with the 49,000,000 packets sold in 1927. But Mr. Larkin never lost heart. He kept on working and advertising.

on working and advertising.

Name Changed to Salada.

Business gradually beign to pick up. People who tried the pick up. T

HEINTZMAN & CO.

New Library Model No. 3-36 with albums of real leather in brilliant colors £385 or with Electric Motor \$425.

Look in

of "His Master's Voice" dealers today and see a new musical instrument more colorful and beautiful than any you have seen before.

In performance, this instrument has no peer in its field. In design, it is new as tomorrow, yet it embelged selien principles two hundred years old. Inspired by the recent Exposition des Art Decontils in Paris,—color is its keynote, rich vibrant and harmosious color. Newspaper illustration fails utterly to convey its beauty—you must zee it.

In Orthophonic tone quality Orthophonic Victrola 8-36 is approached only by the well-known "Credenza" model, which made the

Orthophonic famous overnight! The Victor-controlled principle of "Matched Impedance" or "Smooth Flow of Sound" is of course, embodied in this new instrument. Go into any His Master's Voice dealers and compare it with your idea of the old Tybe talking machine.

with your idea of the do frye taking machine. The new Orthophonic Victorla is made in a range of beautiful models, artistically designed in fine walnut or mahogany. Electrically driven, if you wish, at slight additional cost. All instruments are self stopping. Prices from \$1400 down to allow as \$115. On convenient payments at all His Master's Voice dealers.

The new Orthophonic Victrola

Orthophonic—only if

TO-DAY'S THOUGHT

LET THEM BE

#### GOOD BOOK

A marked change for the better eems to be coming over the reading sabits of the people of North Ameri-a. There was a time when the term st seller" was used in derision. In fact it is now when some of the long popular authors turn out new novels that are sure of millions of readers. But the fact is that normalys a best seller is not always sure of being best seller is not always sure of being infestor fiction, nor a book of very little sewith from a literary, or noisel point of view. This truth is brought ne by a bookseller's report that in United States and Canada, the the United States and Canada, the two best selling novels are Thornton Wilder's "The Bridge of San Luis Bern" and John Galeworthy's "Swan Song." In the non-fiction field they are Andre Maurois "Disraeli" and Bernard Shaw's "The Intelligent Wo-man's Guide to Socialism and Capi-

#### REGENT

Ride this IDSON

A personal experience will prove to you its performing leadership

We havite you so our guest to a personal demonstration of the Hudson Super-Six. We want you to learn how Hudson can do easily many things which you would not expect any other car to do at all. Scores of motoritist, fresh from examining and riding in the latest cars offered by the industry, declare this Hudson the supreme performer of their experience.

Knowing that we are to prove all we say, we assure you that from the moment you take the wheel you will be conscious of a performance entirely distinctive from ordinary motoring.

In all Hudson does there is effortless case. There is no motor labor —no sense at all of the mechanical. And whether in city driving or in high sustained speed over country roads its action and comfort are the very luxury of motion.

And though Hudson thus leads in its generous output of power, you can expect a fuel economy of around 15 to 18 miles per gallon!

Thousands of demonstrations support this average.

Garage

TOO LATE TO CLASSIFY

CANADIAN MADE PRODUCT

# CIVING THE

Thousands of buyers, measuring what others offer at or near this price, find this newest Chrysler product giving far more dollar-for-dollar value in full-size, in style and in every phase of performance, than any of the few other cars in the lowest-priced group.

For no other than the Chrysler-Plymouth For no other than the Chrysler-Pymouth gives for style the new chromium-plated slender-profile radiator, the .new type fenders, the pleasing new arched-window silhouette. No other gives for comfort and elegance, such full-sized, roomy, luxuriously upholstered and finely fitted bodies.

No other gives for performance true high compression through the "Silver-Dome"

high-compression engine using any fuel; and for safety; the surety and ease of light-action, internal-expanding hydraulic four-wheel brakes with squeakless moulded brake linings.

No other assures the sturdy dependability and long life with freedom from trouble which Chrysler Standardized Quality builds into each and every Chrysler.

And these are only a few of the features unique to Plymouth which are convincing thousands upon thousands that the Plymo-outh is the standard whereby to judge values in the lowest-priced fields—that-anything less than the Plymouth gives is less than your dollar's worth,

#### **Important Message to Pines Winterfront** Owners

YOUR Winterfront has doubtless been packed away during the summer. It needs cleaning and oiling to put it in first-class chape for the compine sector.

Yours will give you better service if you have it thoroughly checked once each season. Thermostats are guaranteed.

Our facilities for doing this work are com-plete. Only a few minutes of your time are re-quired. Come in—if you can—before you put the Winterfront, on your car.

NINA MOORE ON ONTARIO LIFE

## When to Think of Health

The time to think of health is before you lose it. Prevention is not only easier and less expensive, but it saves you lost time and suffering. Invariably the man who finally becomes bedfaat, has previously suffered on his feet for weeks. Disease is indiputable evidence of weakness.

To get a spinal analysis from a chiropractor is a direct and scientific method for locating weakness—the weakness which will later develop disease. Where the joints of the spine are out of line there is certain to be a narrow spinal nervo opening.

By my chiropractic health method I correct dis-cases of the eyes, ears, nose, throat, lungs, heart, atomach, kidneys, liver, bowels and lower organs.

WAS DISCUSSED At Recent World's Dairy Congress Held In London

Ye Olde Firme Heintzman & Co.

When De Pachmann comes to Canada, h must have a Heintzman. When Chaliapin or Edward Johnson sing—a Heintzman must accompany them.

Thus, rear after year, illustrious arrists make their choice—they single out the Heintzman as the one piano through which their virrugalty acceives its fullest expression.

Concert artist teacher home-lover all revere the Heintzman Piano. Its rich full tone enraptures the connoisseur in quick response to hind and mind is the wonder of all who sit before it.

TO-DAY'S THOUGHT

A SUGGESTION

the players and officials connected with the National Baseball Club for the record austained this season, Just and the team is engaged in a series for ne liceors of the Province ed all the sice things that have een said about them. It is now time that some effort was made to start that some effort was made to scart a campaign to recognize in some tangible form the exploits of the bors who have brought konor and glory to their native heath. Selleville has been who have beath, Hellertile has well to the provents him from attending theory is a great baseball centre prevents him from attending the him to the him from attending the him to the him t since the stirring days of 1919 and through the years this interest has been added to, rather than depleted At the opening of the season Belle-wills was known to have a second team but not see that could compare either individually or collectively with the through the league with little opposi-tion. But they found it in the Belle-Nationals and after disposing of Smale. The Welkerville "Chicks" were But perhaps Mr. Walker is not then pitted against the "Nate" and tirely to blame for the problem

latter were badly beaten in the fronting New York. His wide person the latter were bany search in the recount from the same a cond-fart game. But what red-blooded fan pepularity only engeprates, a cond-tum ricon forget that stirring buttle flow which has existed in New York on Wednesday. It contained all the cree since it became a city of any size obviously necessary to make a great. The truth is that too much is ex bell game. But the one feature that preted of the modern mayor of an od out, was the wonderful perform important city. It is a case of de ance of "Boot" Gibson, who without cracy running stot. Because a man has actious study of the procks' back. Win or lose tomorros the Belleville Stakmans deserve some the beck and call of everybody. Yet schal activities that are 10-larg token of appreciation besides kind there il hardly assignationation of any can, or cours, alwars keep in words. Something that they may keep jains in any city which does not expect with them through deputies. teen in the past to provide each of the [14th to poor into the majors weary players with it god watch, a most quilt-cars his emittine, qualifications for the she gift, we'll acknowledge, but let us position to which he amples. [Every give them, something different, non-movie queen who visits the city unital these unique as an appreciation of the about the bissed by the major as nie and Botary Clubs to do Let's It may be said of many

#### SUZANNE GOES OUT

The best known woman in the world is court might have caused more than a ripple of comment a few years ago when she was still an amateur, but today it is of interest only because it is a virtual admission or ...er tallare

More than any other players, Misa Lengien was responsible for the devel-opment of jopular interest in women's tennia. In her case as in Tilden's amateur standing was largely a ficthe popularity it brought them. When but proposed to do the thing directly while Tilden continued to do it indirectly. The results have been equally ecty. The results have been equally distantous, and it is a stiffing coloridation of the same day that 'Alian Lengien's retirement is suncounced on the name day that 'Aliden's name is reported excluded from the list of 10 ranking players for the first time in 11 years.

#### Somewhere in Ontario or Quebec

ODAY, possibly in the early morning or in the late A afternoon, somewhere in Ontario or Quebec, one of our installers is putting in the 700 thousandth Bell telephone. It may be in a humble home, a mansion, an office in a skyscraper, or a warehouse.

But the significant thing is that Bell telephones in the two provinces have reached the 700 thousand mark. Add to these 700,000 the 135,000 telephones of the other Canadian systems whose lines connect with ours, affording complete intercommunication, and you have a total telephone development of very impressive proportions. There are few communities anywhere in the world where the service is more widely used.

Note the present telephone development in some of our leading cities-

TO-DAY'S THOUGHT

Heaven it came, to Heaven

into jail a few days ago in Philadelcharged with being implicated in a city-wide graft and extortion od." has been a misnomer, the come apparent that the crimsnal element has for long over other men ingle with the protection of the men employed by the public to run the erooks to earth. Neuturer of the presi-dential canditates has mentioned the crime and graft scandals of the big cities to date, nor are they likely to. O Per though the aspirants of the presi dential chair are men of unquestioned implies and high purpose, they know that crime and ward politics are hand in glove. Ward politics is going to a not unimportant part in the the mean detection and the candidates, the death of their bream many to the prevention in the prevention of the preventi the game. A ward boss in any of the of uncrowned king in his own balli-sek and the record books are full of cases in which they exerted pressure at the Ameliasburg Pair held yester on judges and police as favors to day. There were over 2000 entries an -leaders, whose evil armies are rvals some public servant with th ation' among politicians and crit ing on a clean up. The man, Monaghan, who is prosecuting the graft and ogruption cases in Philadelphia, is of this stamp. The likelihood is that this campaign that he is waging will improve the moral tone of Philadelphia for a while, but the odds Philadelphia for a while, but the odds are all against that improvement be-ing permanent. The people of the United States are not shocked any more when they read that the police are, exacting tribute from the crim-mal element. There have been so many ers of this kind that the novelt has worn off and the thing is taken for granted. Thus has demo-

NEW Dictator \$1555

Engineering Genius at a One-Profit Price!

ENGINEERING genius and One-

L' Profit manufacture combine to give you, in The New Studebaker Dictator at \$1555 to \$1875, motor cars which are hun-dreds of dollars better than the prices

indicate. 

Become of precision manufacture, quality materials and rigid inspections, you can drive The Dictor 40 miles an bour when NEW-65 smooth miles an bour later . . The Dictator proved itself champion of its price class by manitaning better than miles-minute speed for 24 monocartify hours — a record unequaled by

consecutive hours—a record unequaled by any stock car in its class. Studebaker Oneofit manufacture makes such a car mible at \$1555 to \$1875, by saving you

40-MILE SPEED even when

sdreds of dollars of profits which other manufacturers must pay to parts makers Be your own salesman. Let an hour's Be your own salesman. Let an hours drive—or half a day's if you wish—prove Studebaker's One-Profit value to you. The Studebaker name and reputation—famed for 76 years—stands back of these fine cars.

## Good to Look at Better to drive .and Better still to Own

THE record-breaking popularity of the "Bigger and Better" Chevrolet is not due to its beauty alone . . nor to its luxury alone . . but to the combination of these qualities with amazing strength and dependability.

Of course, Chevrolet is good to look at. A glance at its smartly stylish Fisher Bodies, finished in modish shades of lustrous Duco, will

tell you that. of course, Chevrolet is wonderful to drive. A new luxury came into low-priced transportation with the "Bigger and Better" Chev-rolet.

**Pines Winterfront** 

Owners YOUR Winterfront has doubtless been packed away during the summer. It needs cleaning and oiling to put it in first-class shape for the coming season.

Yours will give you better service if you have it thoroughly checked once each season. Thermostats are guaranteed.

Our facilities for doing this work are com-plete. Only a few minutes of your time are re-quired. Come in—if you can—before you put the Winterfront on your car.
